#### **Objection from Mr Danny Giles:**

- 7) Section 47F(1)(b) provides that a person may lodge an objection to an application for variation of licence conditions. Mr Giles is a resident of 22 Sunset Court, Alice Springs, which is located opposite the Premises on the other side of the Todd River. Whilst Mr Giles residence is not in close proximity to the Premises, there are no other buildings or structures between the Premises and Mr Giles residence. As a result Mr Giles is a person residing in the neighbourhood where the premises the subject of the application are located and is therefore entitled, pursuant to by section 47F(3)(a), to lodge an objection in respect of the application. Mr Giles objection was received on 7 April 2011 and was therefore received within the objection period.
- 8) Mr Giles objection relates to the potential for the extended trading hours to impact on his residence through noise disturbance from patrons of the Premises. Mr Giles states that noise emanating from patrons of the Deck and Beer Garden Area of the Premises currently impacts on his enjoyment of his residence, particularly in the early hours of the morning. Mr Giles notes that, despite the distance between his residence and the Premises, noise travels freely from the Premises due to there being no intervening noise barrier. He also states that in the past patron noise and music from the Premises has forced him to close his windows to reduce the noise disturbance. Mr Giles also notes that an extension of trading hours has the potential to exacerbate the alcohol related issues facing Alice Springs generally.

#### **Applicant's Response to Objections:**

- 9) By letter dated 9 May 2011, Mr Jarvis responded to the objection and submitted that Mr Giles had misunderstood the variation that was being sought. He added that the variation was being sought to make the Deck Beer Garden area available to patrons to drink and smoke outside the venue whilst the inside bar is still operational. Mr Jarvis advised that no bands will perform and no music will be played in the Deck and Beer Garden Area during the additional hour of trading being sought with the result no additional noise is anticipated and the objection is unfounded.

## Consideration of the Issues

- 10) The applicant has outlined the reasons for seeking the variations which are consistent with the aim of providing an outdoor area where patrons are able to smoke and during the final hour of trading on Friday and Saturday evenings. The Commission assumes the application arises as a result of the recent amendments to the *Tobacco Control Act* which restrict the areas in which patrons may smoke on licensed premises.
- 11) Mr Giles is concerned that the variation sought by the applicant to the hours of operation of the outside Deck and Beer Garden Area may result in increased noise and disturbance at his residence. The response from the Licensee is to the effect there will be no additional noise as no music will be played outside the venue during the additional trading hours sought. The Commission has no reason to doubt the veracity of that statement however Mr Giles objection also relates to noise emanating from patrons using the outside area during the proposed extended trading hours.
- 12) Mr Giles' objection relate to the amenity of the area and is consistent with grounds for objection contained in Section 47F of the Act. Mr Giles is a bona fide objector whose objection was lodged within the prescribed period.

## Decision

- 13) The Commission has determined that the objection lodged by Mr Danny Giles is valid and requires a Hearing pursuant to Section 47I(7) of the Act.
