BACKGROUND

3. The Darwin Lions Beerr Can Regatta has held annual events in Darwin for almost 50 years at or about the same time each year.
4. The applicant has been granted previous special licences under the previous Liquor Act, materially under the same terms and conditions that this approval has been granted. With the commencement of the Liquor Act 2019, the appropriate liquor licence is that with a major event authority.
5. I take note of previous Liquor Commission decision notices where the Liquor Commission granted a liquor licence where this most recent application is materially the same as previous applications.

CURRENT SITUATION

6. The event attracts thousands of patrons which by effect of section 47(1)(o) of the Act requires a major event authority. The Applicant expects 6,000 to 8,000 patrons to attend the event over the course of the day.
7. Noting the extensive history of this event, there has been no recorded compliance issues with respect of previous events, as well as no adverse comments from Police arising from its conduct.

Publication of the application

8. The application was published in the NT News on 14 July 2021 and again on 17 May 2021 along with signage being placed at the proposed locations. The application was also published on the Director of Liquor Licensing application website.
9. No objections were received in relation to the application.
10. As required by the Liquor Act, the Commissioner of NT Police, the CEO Department of Health and the CEO of City of Darwin were notified of the event. For completeness the NT Fire & Rescue Service. And St Johns Ambulance were also notified.
11. No stakeholders as outlined in the previous paragraph provided any negative responses or objections

Licensees' record of compliance

12. As written previously there are no adverse compliance matters noted in relation to any of the previous events.

Referral to the Liquor Commission

13. On 17 December 2020 the Liquor Commission delegated the determination applications for a major event authority *inter alia* for this Applicant, in the absence of objections or contentious matters, where the Applicant has not been subject to disciplinary action to the Director.
14. That power has subsequently been further delegated to me by the Director.

15. As no objection, contentious matter or disciplinary action is evident, with reference to the instrument of 17 December 2020 this matter may be determined by me as delegate of the Director without referral to the Liquor Commission.

ASSESSMENT OF MATTER

16. In accordance with section 59 of the Act, I have considered:

- (a) the applicant's affidavits required by section 54;
- (b) the results of an investigation into the applications conducted by Licensing NT personnel;
- (c) in the absence of objections, the responses of the stakeholders to which notification was provided;
- (d) the suitability of the area; and
- (e) the financial stability and general reputation and character of the applicant and the nominee, Ms Trish McClelland.

17. In accordance with section 49 of the Act, I have also considered whether issuing the authority to the Applicant is in the public interest, and whether the granting of the authority will have a significant adverse impact on the community.

18. Accompanying the application is a comprehensive risk assessment plan, traffic management plan and other materials evidencing the appropriateness of the granting of this matter.

19. I am satisfied on the basis of the conduct of the previous special licences, granted under the previous Act, along with prior decision notices for the same event, and the material presented in this application, that approval of this matter is appropriate in the circumstances.

Whether issuing the licence is on the public interest

20. Section 49(2) of the Act requires me to determine whether issuing the authority is in the public interest and how it will advance the following objectives:

- (a) minimising the harm or ill-health caused to people, or a group of people, by the consumption of liquor;
- (b) ensuring liquor is sold, supplied, served and consumed on or in licensed premises in a responsible manner;
- (c) safeguarding public order and safety, particularly when large numbers of people would be attracted to licensed premises or an area adjacent to those premises;
- (d) protecting the safety, health and welfare of people who use licensed premises;
- (e) increasing cultural, recreational, employment or tourism benefits for the local community area;
- (f) promoting compliance with this Act and other relevant laws of the Territory;
- (g) ensuring each person involved in the business conducted at licensed premises receives training suitable to the person's role in the business;
- (h) preventing the giving of credit in sales of liquor to people;
- (i) preventing practices that encourage irresponsible drinking;

(j) reducing or limiting increases in anti-social behaviour.

21. Having considered each of these objectives, and having particular regard to the stringent controls placed on the consumption of liquor and the conduct of previous events, I am satisfied that it is in the public interest to issue the authority.
22. I also note and adopt the previous considerations of the former Director-General of Licensing and the Liquor Commission in relation to their approval of this event.
23. In the absence of material changes to the application, I consider it inappropriate to revisit or dissent from the previous considerations.

Whether the issue of the authority will have a significant adverse impact on the community

24. Section 49(3) of the Act prescribes the matters which must be considered when determining whether the issuing of the authority would have a significant adverse impact on the community.
25. These include:
 - (a) the risk of undue offence, annoyance, disturbance or inconvenience to persons who reside or work in the vicinity of the proposed licensed premises or who are using, or travelling to or from, a place of public worship, a hospital or a school;
 - (b) the geographic area that would be affected;
 - (c) the risk of harm from the excessive or inappropriate consumption of liquor;
 - (d) the people or community who would be affected;
 - (e) the effect on culture, recreation, employment and tourism;
 - (f) the effect on social amenities and public health;
 - (g) the ratio of existing liquor licences and authorities in the community to the population of the community;
 - (h) the effect of the volume of liquor sales on the community;
 - (i) the community impact assessment guidelines issued under section 50;
 - (j) any other matter prescribed by regulation.
26. The applicants also bear the onus of satisfying me of the relevant matters, irrespective of whether any objections were received.
27. Again, noting and adopting the previous considerations of the former Director-General of Licensing and Liquor Commission in relation to this matter, I am satisfied the conditions placed on the approval, along with the conditions prescribed by the Regulations will ensure liquor is consumed in an appropriate manner, the risk of harm is minimal and there is no apparent significant adverse impact on the community.

28. In considering this application I am obliged to consider the purposes prescribed in the Act, primary being, to minimise the harm associated with the consumption of liquor in a way that recognises the public's interest in the sale and consumption of liquor.
29. Secondary purposes include, a protection of the community amenity and wellbeing, regulation of the sale of liquor in a way that contributes to the responsible development of the industry and associated businesses, and of particular relevance, facilitating a diversity of associated services for the benefit of the community and stimulating the tourism and hospitality industries.
30. I am satisfied the applications are in line with the purposes of the Act, particularly in providing a diversity of services and stimulation to the tourism and hospitality industries.
31. As a result of the matters outlined above, I am on balance, satisfied that the approval of this application is appropriate, in the public interest and will not have a significant adverse impact on the community.
32. I further approve that if this event cannot proceed on the 5 September 2021 due to public health reasons such as COVID-19, or other reasons linked to this, that a substitute date can be applied to this event provided that it is held in substantially the same manner and same location as this application. A change of nominee is permitted provided that appropriate probity documents are provided to the Director of Liquor Licensing.

REVIEW OF DECISION

33. Section 26 of the Act requires a delegate of the Director to as soon as practicable after making a decision, to give a written notice of the decision to an affected person, being a licensee, applicant or person who made a submission, complaint or objection, the subject of the decision.
34. Section 11 of the Act provides for the Director to delegate powers and functions under this Act by instrument, to a person from time to time holding, acting in or performing the duties of the position specified in that instrument. This decision was made by a person referred to in that instrument.
35. Section 27 of the Act provides that an affected person for a delegate decision may apply to the Director for a review of the decision. This application for review must be made within 28 days after written notice of the delegate decision is given to the affected person, or within any additional time that the Director allows.
36. Accordingly the affected persons in relation to this decision are Darwin Beer Can Regatta, NT Police, the Department of Health, the City of Darwin, St Johns Ambulance and NT Fire & Rescue Service.
