

COMMUNITY BENEFIT FUND

Annual Report 2020-21

Hon Natasha Fyles MLA
Minister for Racing, Gaming and Licensing
GPO Box 3146
DARWIN NT 0801

Dear Minister

In accordance with section 68B (6) of the *Gaming Control Act 1993*, we present to you the Community Benefit Fund Annual Report for 2020-21. The Annual Report details the operations of the Community Benefit Committee and the Director of Gaming Control during the financial year, including full listings of grant recipients and purposes.

Yours sincerely

Charles Burkitt
Chair
Community Benefit Committee

Philip Timney
Director of Gaming Control

Closing balance at 30 June 2021*		6 552 293

* Closing balance includes funds that have been committed but are yet to be paid.

Community Benefit Fund

The Community Benefit Fund (CBF) was established to provide funding support for gambling-related research and amelioration programs concerned with problem gambling, as well as community benefit grants which provide assistance for general community development and improvement purposes.

Section 68A of the *Gaming Control Act 1993* (the Act), provides that:

- (1) The Director of Gaming Control (the Director) must maintain in the Agency's Operating Account a fund to be known as the CBF;
- (2) Money in the CBF is to be applied for the following purposes:
 - (a) research into gambling activity, including the social and economic impact of gambling on individuals, families and the community;
 - (b) promotion of community awareness and education in respect of problem gambling and provision of counselling, rehabilitation and support services for problem gamblers and their families in the Territory;
 - (c) funding of grants for community projects and services of benefit to communities throughout the Territory; and
 - (d) management and administrative support of the Fund.

The CBF receives a 10% levy on player loss from electronic gaming machines in casinos and licensed hotels, unclaimed prizes paid to the Director and proceeds from items forfeited under the Act. Each year the responsible Minister determines how this money will be distributed by the fund within the four categories listed above.

Administrative responsibility

The Act provides that the Director has responsibility to maintain the CBF. The Director's administrative duties in relation to the Fund can be broadly summarised as:

- maintaining the CBF in the agency operating account
- determining the revenue of the CBF through assessing gaming machine levy
- monitoring and reporting on club community contributions
- providing recommendations for Gambling Research, Gambling Amelioration and Minor Grants.

Licensing NT, a division within the Department of Industry, Tourism and Trade, is responsible for the coordination, management and administration of the program. This includes secretariat and executive support to the Community Benefit Committee (the Committee) as well as promoting the CBF within the wider community.

The secretariat is also responsible for the management of amelioration support and research activities, overall fund administration and general reporting of the program activities and progress to Government and other stakeholders.

Committee membership and meetings

The Committee is comprised of community representatives tasked with providing the Minister recommendations from all major category grant applications.

Community members of the Committee are appointed in an honorary capacity by the Minister. Nominal fees for attending Committee activities may be paid at the discretion of the Minister. Community members are also entitled to reimbursement for out of pocket expenses in meeting obligations arising from participation in Committee activities, consistent with normal government policy.

During 2020-21 the Committee consisted of:

- | | |
|---|-----------------------------|
| • Charles Burkitt – Chair (Darwin) | 01 July 2020 – 30 June 2021 |
| • Nicole Walsh – Deputy Chair (Alice Springs) | 01 July 2020 – 30 June 2021 |
| • Stuart Kenny | 01 July 2020 – 30 June 2021 |
| • Suzanne Hullick | 01 July 2020 – 30 June 2021 |
| • Ross Coburn | 01 July 2020 – 30 June 2021 |
| • Jane Munday | 01 July 2020 – 30 June 2021 |
| • Sarah Grogan (Katherine) | 01 July 2020 – 30 June 2021 |
| • Ruth Hillier (Tennant Creek) | 01 July 2020 – 30 June 2021 |
| • Paul Mery (Nhulunbuy) | 01 July 2020 – 30 June 2021 |

The Committee met on two occasions during 2020-21.

Industry contribution to Community Benefit Fund

The gambling industry is a major contributor to the Northern Territory economy, with significant investment, employment and taxation revenue effects. It is also a key element in the broader recreational, hospitality and tourism sectors.

However, the industry carries the potential for significant negative social consequences as a direct result of problem gambling aspects, particularly in regard to the operation of electronic gaming machines. To establish a responsible and balanced position for the industry, Government requires this sector of the gambling industry to contribute to measures that address the adverse effects it creates and, more generally, to improve the broader community environment within which the machines operate.

The required industry contribution is achieved in two ways:

1. through the imposition of a CBF levy on electronic gaming machine player losses from casinos and licensed hotels
2. by direct support to community improvement and development by licensed clubs operating electronic gaming machines.

Community Benefit Fund Levy – casinos and licensed hotels

The CBF is established under the Act to consolidate and manage the CBF levy collected from the operation of electronic gaming machines in Casinos and licensed hotels. Funding is directed to specific areas of activity as specified in the legislation.

Community support contributions – licensed clubs

As part of the arrangements for allowing gaming machines in community venues, clubs are required to make contributions to the local community and report those contributions on a regular basis. Guidelines exist to clarify what can be legitimately reported as a contribution.

Section 68B(1)(b) of the Act requires the Director 'to monitor the contribution made to the community by clubs that are licensed.

In 2020-21, community support contributions from licensed clubs totalled \$5.7 million, equating to 13% of net gaming machine revenue received. This represents an increase of 4% from the 2019-20 community support contributions, which were 9% of the net gaming machine revenue received, totalling \$2.7 million. (Table 9 refers)

COVID-19

Lockdowns as a result of COVID-19 have impacted on the revenue into the fund due to the CBF levy collected in these periods being zero. While the revenue for the current year was not impacted by lockdowns the threat of this happening remains present. The CBF has ongoing funding commitments in relation to Gambling Amelioration Grants that can receive up to five years of funding and Major Community Event grants that can receive up to three years of funding. It is important that the fund retains sufficient money to meet future obligations in the event that an extended lockdown occurs.

Gambling Amelioration Grants

The Gambling Amelioration Grants Program was established to support interventions that reduce problem gambling and minimise the harms that result from gambling. Interventions can range from community awareness and education programs through to the provision of counselling, rehabilitation or support services for problem gamblers and their families.

In 2020-21 six gambling amelioration grants were funded a total of \$1 744 443 to provide gambling amelioration services:

- Amity Community Services Incorporated received \$671 170 for their ongoing gambling harm minimisation service and education program, which includes individual assessment and counselling, maintenance of its website and the Gambling Counselling Helpline. This was the third payment in a five year agreement.
- Somerville Community Services received \$741 816 to continue its problem gambling financial counselling service in Darwin, Palmerston and Katherine. This was the third payment of a five year agreement.
- Holyoake Alice Springs Incorporated received \$154 000 for their Sandplay in Schools program that seeks to provide support for younger children that are affected by harmful behaviours, including gambling. This was the last payment in a three year agreement.
- Aboriginal Resource and Development Services received \$71 810 for their Yolŋu Gambling Dialogues project. This project builds on a 2016-17 CBF grant and will maximise the impact of the resource by using it to facilitate discussions with and between Yolŋu about gambling and community resilience. This was the final payment of a three year agreement.
- Gambling Help Online is a national approach by the states and territories to provide online assistance and counselling to people experiencing harm from problem gambling. In 2020-21 the Community Benefit Fund, through a gambling amelioration grant funded \$15 647 towards program.
- Hospitality NT received \$90 000 to deliver an industry driven education and training program coupled with the continued roll-out of the multi-venue self-exclusion platform that seeks to improve industry response and tools available to assist Territorians who are experiencing harm from gambling. This payment is the first payment in a three year agreement.

Gambling Research

While no new gambling research projects were funded in 2020-21, research projects funded in 2019-20 remain ongoing throughout the year. These projects include:

- Charles Darwin University - undertaking a scoping study which investigates gambling behaviour in non-English speaking populations in the NT.
- Menzies School of Health Research - undertaking an extended analysis of the 2015 and 2018 Gambling Prevalence and Wellbeing Survey.
- Menzies School of Health Research - undertaking a qualitative investigation of indigenous gambling behaviour, consequences, risk factors and help-seeking in the Northern Territory.
- Menzies School of Health Research - undertaking a study on the Social Cost of Gambling in the Northern Territory, which incorporates information on the incidence of gambling related harms.

Major Community Organisation Grants

The Major Community Grants Program was established in 2008-09 to provide funding support to not-for-profit Territory-based organisations for community development and improvement purposes. The maximum grant available for each project is \$250 000 and organisations can only have one active major grant at any time. Each year there are two rounds of assessments conducted for Major Grants. A regional summary of the Major Grants can be found at Table 2 and a list of successful applicants can be found at Table 6.

Minor Community Organisation Grants

Minor Community Organisation grants are available to support projects which have the potential to improve the wellbeing and lifestyle of Territorians. Funding for a wide range of purposes may be provided to eligible not-for-profit Territory-based community organisations.

The maximum amount that can be applied for is \$15 000. Funding is provided for non-recurrent expenditure and is available only for clearly identified projects which can be completed within specified time frames.

Priorities have been established for these grants and the two priorities identified in 2020-21 were for applications from Grass Root Organisations and applications that will have an ongoing benefit beyond the life of the grant.

Table 3 provides a regional summary of applications received and approved and a full list of successful applicants can be found at Table 7.

Major Community Event Grants

Major Community Events funding provides support to not-for-profit Territory-based organisations to conduct community events. Funding is available for up to three years and requests can be made for anywhere from \$15 000 to \$250 000 per year. Two rounds were held this year and a regional summary of these Grants can be found at Table 5 and a list of successful applicants can be found at Table 8.
