LEGISLATION:	Part 3, Division 4 of the <i>Liquor Act 2019</i>
DECISION OF:	Principal Licensing Officer - Liquor, Gaming & Racing
DATE OF DECISION:	22 March 2022

DECISION

1. For the reasons set out below and in accordance with section 60 of the *Liquor Act 2019* (the Act), as delegate of the Director of Liquor Licensing I have determined to grant the application for a major event authority to Fiery Amigos Pty Ltd (the Applicant) for the sale of liquor between the hours of Saturday 21 May 2022 from 11:30 hours to 24:00 hours
2. The granting of this approval is for the annual BASSINTHEGRASS event and is subject to the provisions of Part 4, Division 12 of the *Liquor Regulations 2019* (the Regulations) which include:
 - a) all liquor sold, served or supplied at the event must be in open containers;
 - b) no more than four (4) containers of liquor may be sold, served or supplied at the event to one person at a time;
 - c) a reasonable range of non-alcoholic beverages and low alcoholic content beverages must be available for purchase by patrons during the event;
 - d) complimentary potable water must be available to patrons during the event;
 - e) snacks must be available for purchase by patrons during the event;
 - f) two (2) licensed crowd controllers must be employed for the first 100 patrons attending the event, one (1) additional licensed crowd controller for each additional 100 patrons attending the event up to 5,000 patrons; and one (1) additional licensed crowd controller for each additional 200 patrons attending the event;
 - g) at least 75% of the licensed crowd controllers at the event must wear clothing that identifies their function;
3. The granting of the approval is also subject to the following additional conditions which have been volunteered by the applicant:
 - No liquor or other beverage to be sold in glass containers
 - No more than four (4) alcoholic drinks per person between 12noon and 2100 hours
 - No more than two (2) alcoholic drinks per person between 2100 hours and 2300 hours
 - No more than one (1) alcoholic drinks per person between 2300 hours and 2400 hours
 - Poured spirits and cocktails will not exceed 30mls nip of alcohol per drink
 - Sale of wine in 150ml non glass container
 - Wine by the bottle – poured into plastic carafe

- Provision of sale of wine by the bottle in the Premium Area only
 - Last drinks being served approx. 30 minutes prior to conclusion of event
4. The granting of the approval is also subject to the following additional condition:
 - The licensee must comply with any requirement or directions of the Chief Health Officer in relation to COVID-19 declarations pertaining to the sale of liquor at public gatherings.
 5. The Applicant has sought a two (2) year approval for a liquor licence for this event, the rationale of which is the long-term history and projections of future events held in the Territory, along with the previous good conduct of earlier events.
 6. Section 47(1)(o) of the Act defines a major event authority as authorising "...the licensee to sell liquor, for consumption...to patrons attending a single event".
 7. The phrase "single event" is not defined in the Act and therefore the natural meaning of the words must apply. The Macquarie Dictionary defines "single" as "alone, solitary". From this, a single event can only be the 2022 event, but does not include subsequent years as sought.
 8. Although the definition of a major event prohibits the granting of a multi-year licence in my opinion, as the Applicant has applied for and sought two (2) licensed events, I am not prevented from granting two (2) separate major event authorities at this time, for each year.
 9. Accordingly, by this decision in accordance with the application, I approve the issue of two (2) liquor licences with a major event authority for the years 2022 and 2023.
 10. Of concern in issuing two licences, providing for future events, is the need for a mechanism to intervene or amend the licences in circumstances where the dates may change, there is a material change to the nature or planning of the event, or disciplinary action having been taken against the licensee.
 11. The Liquor Commission delegated the determination of several annual major events such as this, to the Director of Liquor Licensing on 17 December 2020. The Director has subsequently delegated the same matters to me.
 12. The delegation by the Commission was not without qualifications, of particular relevance to this matter, the granting of a licence by a delegate may only be in circumstances where the "...Applicant has not been the subject of disciplinary action for a previous event". In such circumstances the determination of the licence application must go before the Commission.
 13. It necessarily follows any subsequent licences granted under this delegation would be rendered void in circumstances where the licensee has been the subject of disciplinary action.
 14. Although the dates for the 2023 event have not yet been advised, section 60(1)(a) of the Act allows me to issue a licence with or without additional conditions. I therefore impose these additional conditions on 2023 liquor licence.
 - The licensee is to provide to the Director of Liquor Licensing an Event Management Plan no later than 90 days prior to the commencement of the event confirming the dates, times and

fulsome operational plan which must include a statement there is no material change to the previous year's event, or details of any material changes to the previous year's event.

- In the circumstance where there has been a material change, either as declared by the licensee or in the opinion of the Director, the Director reserves the right to review the licence and repeal, rescind, revoke, amend or vary the licence or licences as they consider appropriate.
 - The Liquor Commission delegated the determination of this matter by instrument dated 17 December 2020 to the Director of Liquor Licensing. That instrument included the qualification a licence for this event may only be issued under delegation in circumstances where the licensee has not been the subject of disciplinary action under a former licence. In such circumstances this licence and any subsequent licences for future events issued by a delegate for this licensee are void. The licensee will be required to lodge a fresh application to be determined by the Liquor Commission for future events.
15. The delegation is provided on the understanding that any decision made by a delegate is subject the *Liquor Commission Act 2018* and the *Liquor Act 2019*, including the right of review of a delegate's decision.

BACKGROUND

16. BASSINTHEGRASS has been successfully held over many years with the location of the event now at Mindil Beach. The community acknowledge this as an annual music event in Darwin.
17. The applicant has been granted previous licences, materially under the same terms and conditions that this approval has been granted. With the commencement of the *Liquor Act 2019*, the appropriate liquor licence is that with a major event authority.
18. I take note of previous decisions to grant liquor licences for this event where this most recent application is materially the same as previous applications.

CURRENT SITUATION

19. The event attracts an estimated 15,000 patrons which by effect of section 47(1)(o) of the Act requires a major event authority.
20. Noting the extensive history of this event, there has been no serious recorded compliance issues with respect of previous events, as well as no serious adverse comments from Police arising from its conduct.

Publication of the application

21. The application was published in the NT News on 5 March 2022 and also on the Director's webpage for the required 14 days along with signage being placed at the proposed location.
22. No objections were received in relation to the application.

Consultation

The following Stakeholders were notified of the application.

- i. Department of Health;

- ii. Northern Territory Police;
- iii. St Johns Ambulance;
- iv. Northern Territory Fire and Rescue Service; and
- v. City of Darwin.

23. As with previous year's events, no stakeholder objected against the application. It is also noted that the event traditionally enjoys the support of stakeholders.

Licensees' record of compliance

24. As written previously there are no serious adverse compliance matters noted in relation to any of the previous events.

The Liquor Commission

25. On 17 December 2020 the Liquor Commission delegated the determination applications for a major event authority *inter alia* for this Applicant, in the absence of objections or contentious matters, where the Applicant has not been subject to disciplinary action to the Director.

26. That power has subsequently been further delegated to me by the Director.

27. As no objection, contentious matter or disciplinary action is evident, this matter may be determined by me as delegate of the Director without referral to the Liquor Commission.

ASSESSMENT OF MATTER

28. In accordance with section 59 of the Act, I have considered:

- (a) the applicant's affidavits required by section 54;
- (b) the results of an investigation into the applications conducted by Licensing NT personnel;
- (c) in the absence of objections, the responses of the stakeholders to which notification was provided;
- (d) the suitability of the area; and
- (e) the financial stability and general reputation and character of the applicants and their nominee being Danielle Jones.

29. In accordance with section 49 of the Act, I have also considered whether issuing the authority to the Applicant is in the public interest, and whether the granting of the authority will have a significant adverse impact on the community.

30. Accompanying the application are Community Impact Assessment, Hazard and Risk Assessments, Event Management Plan, Emergency Response Plan and other materials evidencing the appropriateness of the granting of this matter.

31. I am satisfied on the basis of the conduct of the previous licences, granted for the same event, and the material presented in this application, that approval of this matter is appropriate in the circumstances.

Whether issuing the licence is on the public interest

32. Section 49(2) of the Act requires me to determine whether issuing the authority is in the public interest and how it will advance the following objectives:

- (a) minimising the harm or ill-health caused to people, or a group of people, by the consumption of liquor;
- (b) ensuring liquor is sold, supplied, served and consumed on or in licensed premises in a responsible manner;
- (c) safeguarding public order and safety, particularly when large numbers of people would be attracted to licensed premises or an area adjacent to those premises;
- (d) protecting the safety, health and welfare of people who use licensed premises;
- (e) increasing cultural, recreational, employment or tourism benefits for the local community area;
- (f) promoting compliance with this Act and other relevant laws of the Territory;
- (g) ensuring each person involved in the business conducted at licensed premises receives training suitable to the person's role in the business;
- (h) preventing the giving of credit in sales of liquor to people;
- (i) preventing practices that encourage irresponsible drinking;
- (j) reducing or limiting increases in anti-social behaviour.

33. Having considered each of these objectives, and having particular regard to the stringent controls placed on the consumption of liquor and the conduct of previous events, I am satisfied that it is in the public interest to issue the authority.

34. I also note and adopt the previous considerations and approvals in relation to the approval of this event.

35. In the absence of material changes to the application, I consider it inappropriate to revisit or dissent from the previous considerations.

Whether the issue of the authority will have a significant adverse impact on the community

36. Section 49(3) of the Act prescribes the matters which must be considered when determining whether the issuing of the authority would have a significant adverse impact on the community.

37. These include:

- (a) the risk of undue offence, annoyance, disturbance or inconvenience to persons who reside or work in the vicinity of the proposed licensed premises or who are using, or travelling to or from, a place of public worship, a hospital or a school;
- (b) the geographic area that would be affected;
- (c) the risk of harm from the excessive or inappropriate consumption of liquor;
- (d) the people or community who would be affected;
- (e) the effect on culture, recreation, employment and tourism;

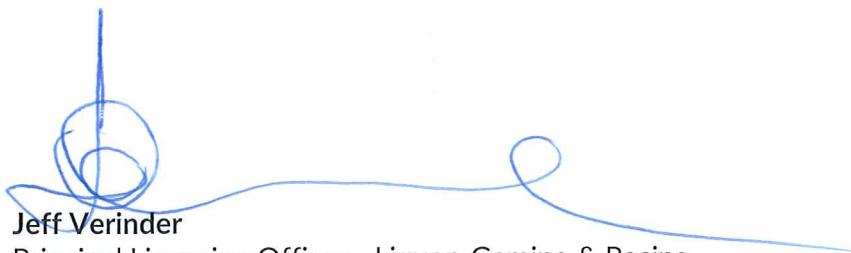

- (f) the effect on social amenities and public health;
- (g) the ratio of existing liquor licences and authorities in the community to the population of the community;
- (h) the effect of the volume of liquor sales on the community;
- (i) the community impact assessment guidelines issued under section 50;
- (j) any other matter prescribed by regulation.

38. The applicants also bear the onus of satisfying me of the relevant matters, irrespective of whether any objections were received.
39. Again, noting and adopting the previous considerations and approval for liquor licences for this event, I am satisfied the conditions placed on the approval, along with the conditions prescribed by the Regulations will ensure liquor is consumed in an appropriate manner, the risk of harm is minimal and there is no apparent significant adverse impact on the community.
40. In considering this application I am obliged to consider the purposes prescribed in the Act, primary being, to minimise the harm associated with the consumption of liquor in a way that recognises the public's interest in the sale and consumption of liquor.
41. Secondary purposes include, a protection of the community amenity and wellbeing, regulation of the sale of liquor in a way that contributes to the responsible development of the industry and associated businesses, and of particular relevance, facilitating a diversity of associated services for the benefit of the community and stimulating the tourism and hospitality industries.
42. I am satisfied the applications are in line with the purposes of the Act, particularly in providing a diversity of services and stimulation to the tourism and hospitality industries.
43. As a result of the matters outlined above, I am on balance, satisfied that the approval of this application is appropriate, in the public interest and will not have a significant adverse impact on the community.
