Community Benefit Fund

The Community Benefit Fund (CBF) was established to provide funding support for gambling-related research and amelioration programs concerned with problem gambling, as well as community benefit grants which provide assistance for general community development and improvement purposes.

Section 68A of the *Gaming Control Act 1993* (the Act), provides that:

- (1) The Director of Gaming Control (the Director) must maintain in the Agency's Operating Account a fund to be known as the CBF;
- (2) Money in the CBF is to be applied for the following purposes:
 - (a) research into gambling activity, including the social and economic impact of gambling on individuals, families and the community;
 - (b) promotion of community awareness and education in respect of problem gambling and provision of counselling, rehabilitation and support services for problem gamblers and their families in the Territory;
 - (c) funding of grants for community projects and services of benefit to communities throughout the Territory; and
 - (d) management and administrative support of the Fund.

The CBF receives a 10% levy on player loss from electronic gaming machines in casinos and licensed hotels, unclaimed prizes paid to the Director and proceeds from items forfeited under the Act. Each year the responsible Minister determines how this money will be distributed by the fund within the four categories listed above.

Administrative responsibility

The Act provides that the Director has responsibility to maintain the CBF. The Director's administrative duties in relation to the Fund can be broadly summarised as:

- maintaining the CBF in the agency operating account
- determining the revenue of the CBF through assessing gaming machine levy
- monitoring and reporting on club community contributions
- providing recommendations for Gambling Research, Gambling Amelioration and Minor Grants.

Licensing NT, a division within the Department of Industry, Tourism and Trade, is responsible for the coordination, management and administration of the program. This includes secretariat and executive support to the Community Benefit Committee (the Committee) as well as promoting the CBF within the wider community.

The secretariat is also responsible for the management of amelioration support and research activities, overall fund administration and general reporting of the program activities and progress to Government and other stakeholders.

Committee membership and meetings

The Committee is comprised of community representatives tasked with providing the Minister recommendations from all major category grant applications.

Community members of the Committee are appointed in an honorary capacity by the Minister. Nominal fees for attending Committee activities may be paid at the discretion of the Minister. Community members are also entitled to reimbursement for out of pocket expenses in meeting obligations arising from participation in Committee activities, consistent with normal government policy.

During 2022-23 the Committee consisted of:

| • Kevin Wrigley | 14 March 2023 – 30 June 2023 |
| • Ingrid Stonhill (Katherine) | 14 March 2023 – 30 June 2023 |

The Committee met on two occasions during 2022-23.

Industry contribution to Community Benefit Fund

The gambling industry is a major contributor to the Northern Territory economy, with significant investment, employment and taxation revenue effects. It is also a key element in the broader recreational, hospitality and tourism sectors.

However, the industry carries the potential for significant negative social consequences as a direct result of problem gambling aspects, particularly in regard to the operation of electronic gaming machines. To establish a responsible and balanced position for the industry, Government requires this sector of the gambling industry to contribute to measures that address the adverse effects it creates and, more generally, to improve the broader community environment within which the machines operate.

The required industry contribution is achieved in two ways:

1. through the imposition of a CBF levy on electronic gaming machine player losses from casinos and licensed hotels
2. by direct support to community improvement and development by licensed clubs operating electronic gaming machines.

Community Benefit Fund Levy – casinos and licensed hotels

The CBF is established under the Act to consolidate and manage the CBF levy collected from the operation of electronic gaming machines in Casinos and licensed hotels. Funding is directed to specific areas of activity as specified in the legislation.

Community support contributions – licensed clubs

As part of the arrangements for allowing gaming machines in community venues, clubs are required to make contributions to the local community and report those contributions on a regular basis. Guidelines exist to clarify what can be legitimately reported as a contribution.

Section 68B(1)(b) of the Act requires the Director to monitor the contribution made to the community by clubs that are licensed.

In 2022-23, community support contributions from licensed clubs totalled \$5.8 million, equating to 14% of net gaming machine revenue received. This represents a decrease of 3% from the 2021-22 community support contributions, which were 17% of the net gaming machine revenue received, totalling \$6.7 million. (Table 9 refers)

Gambling Amelioration Grants

The Gambling Amelioration Grants Program was established to support interventions that reduce problem gambling and minimise the harms that result from gambling. Interventions can range from community awareness and education programs through to the provision of counselling, rehabilitation or support services for problem gamblers and their families.

In 2022-23 eight gambling amelioration grants were funded a total of \$2 628 825 to provide gambling amelioration services:

- Amity Community Services Incorporated received \$719 435 for their ongoing gambling harm minimisation service and education program, which includes individual assessment and counselling, maintenance of its website and the Gambling Counselling Helpline. This was the last payment in a five year agreement.
- Anglicare NT Ltd received \$817 851 to continue its problem gambling financial counselling service in Darwin, Palmerston and Katherine. This was the first payment of a five year agreement.
- Holyoake Alice Springs Incorporated received \$154 000 for their Sandplay in Schools program that seeks to provide support for younger children that are affected by harmful behaviours, including gambling. This was the second payment in a five year agreement.
- Holyoake Alice Springs Incorporated received \$144 500 to expand their Sandplay in Schools program to additional schools. This was the first payment in a new four year agreement.
- Catholic Care NT received \$354 360 for their Gambling and Your Money Project which seeks to build a culturally safe, evidence informed and competent service provision across the NT, primarily in remote Aboriginal Communities. This is the last payment in a two year agreement.
- The Trustee for Mantiyupwi Family Trust received \$200 000 for their Service delivery model and policies and procedures for the Wurrumiyanga Gambling Amelioration Strategy. This is a one year agreement.
- Hospitality NT received \$90 000 to deliver an industry driven education and training program coupled with the continued roll-out of the multi-venue self-exclusion platform that seeks to improve industry response and tools available to assist Territorians who are experiencing harm from gambling. This payment is the last payment in a three year agreement.
- Gambling Help Online is a national approach by the states and territories to provide online assistance and counselling to people experiencing harm from problem gambling. In 2022-23 the Community Benefit Fund, through a gambling amelioration grant funded \$148 679 towards program.

Gambling Research

In 2022-23 three new research projects were approved totalling \$1 247 557 to be paid over three years. The total amount paid for gambling research in 2022-23, including projects awarded in previous years was \$1 202 661.

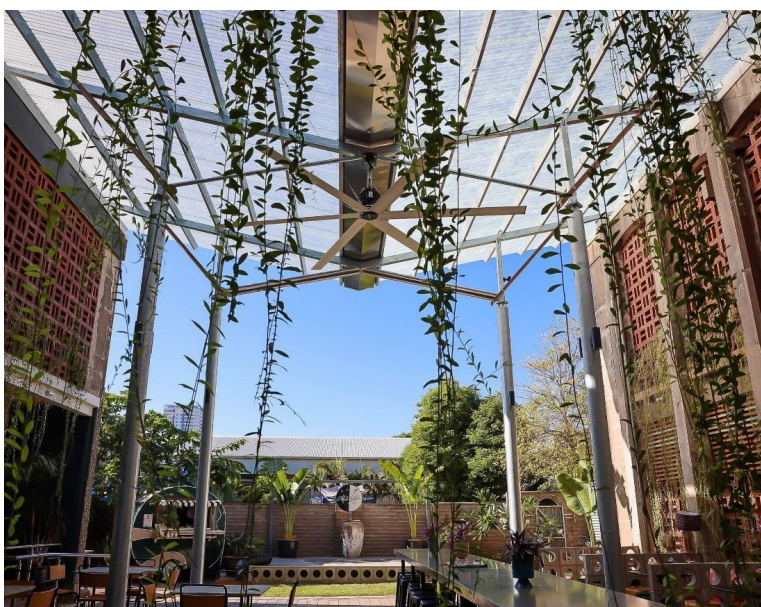

- Menzies School of Health Research were awarded \$348 511 in 2021-22 for a study to investigate gambling behaviours and capture lived experiences of gambling among culturally and linguistically diverse people in the Northern Territory. Flinders University have subsequently taken over the management of this grant and received the full payment in 2022-23.
- Australian National University were awarded \$54 000 in 2022-23 for a study to investigate Social impact of online gambling in young people. The full amount was paid this year.
- Charles Darwin University were awarded \$731 864 in 2022-23 to undertake a 2023 Northern Territory Gambling Prevalence and Wellbeing Survey, with \$500 000 having been paid this year.
- Flinders university was awarded \$461 543 for a project about understanding personal recovery among individuals with gambling harm and co-occurring issues and their families and friends in the Northern Territory. \$300 000 was paid in 2022-23.

Major Community Organisation Grants

The Major Community Grants Program was established in 2008-09 to provide funding support to not-for-profit Territory-based organisations for community development and improvement purposes. The maximum grant available for each project is \$250 000 and organisations can only have one active major grant at any time. Each year there are two rounds of assessments conducted for Major Grants. A regional summary of the Major Grants can be found at Table 2 and a list of successful applicants can be found at Table 6.

Minor Community Organisation Grants

Minor Community Organisation grants are available to support projects which have the potential to improve the wellbeing and lifestyle of Territorians. Funding for a wide range of purposes may be provided to eligible not-for-profit Territory-based community organisations.

The maximum amount that can be applied for is \$15 000. Funding is provided for non-recurrent expenditure and is available only for clearly identified projects which can be completed within specified time frames.

Priorities have been established for these grants and the two priorities identified in 2022-23 were for applications from Grass Root Organisations and applications that will have an ongoing benefit beyond the life of the grant.

Table 3 provides a regional summary of applications received and approved and a full list of successful applicants can be found at Table 7.

Vehicle Gifts

The Community Benefit Committee considers applications for vehicle gifts and makes recommendations to the Minister. Gifted vehicles are ex-fleet vehicles that are scheduled for disposal by the Northern Territory Government via auction. Two rounds of Vehicle Gifts were held in 2022-23. There were 56 vehicle gift applications received with 15 vehicle gifts being approved.
